

Prashant Sapkota

Web Developer

prashantsapkota016@gmail.com | +977-9849934021 | Kathmandu, Nepal | [LinkedIn](#)

Objectives

Skilled Python developer with a strong focus on Django-based web development. Proficient in backend programming, database management, and API integration. Demonstrates excellent problem-solving abilities, attention to detail, and a commitment to clean and efficient code.

Technical Skills

Programming languages: **Python**, Java, SQL

Web technologies: HTML, CSS, **Django**, Flutter

Tools: Git, Figma, **Visual Studio Code**, PyCharm, Eclipse Ide, Oracle Apex

Experience

Exotrac, – Internship

June 2025 – September 2025

- **Description:** Worked with Django, ORM, HTML, CSS, Bootstrap, and JavaScript to develop web applications. Collaborating with a team to understand project requirements and deliver robust solutions.

Starlink Nepal Pvt. Ltd. – Junior Software Developer

December 2026 – Present

- **Description:** Contributing to the design, development, and maintenance of software applications. Assisting in writing clean, efficient, and maintainable code while supporting debugging, testing, and performance optimization. Collaborating with team members to understand project requirements, implement features, and ensure timely delivery of reliable and scalable solutions.

Projects

Library Management System

July 2025 – August 2025

- **Technology Used:** Python, Django, HTML, CSS, Django ORM
- **Description:** Developed a comprehensive Library Management System aimed at efficiently managing library resources and operations. Utilized Django Templates along with HTML and CSS for front-end development to create a dynamic and user-friendly interface for library users. Implemented robust user authentication and authorization to ensure secure access to various functionalities, and employed Django ORM for seamless CRUD (Create, Read, Update, Delete) operations on the database.

Courses

[Python Django](#) – Code IT, Dharan
